PROFESSIONAL EXPERIENCE

- Yardstick AI, Software developer** 07/2024 – 08/2024
Bengaluru, India
- Led integrating **Gmail verification** for enhanced communication and targeting for authentication.
 - Built** a scalable V0 for the first 100 users of the application using Next.js, TypeScript, MongoDB, and Prisma, **ensuring** rapid deployment and performance optimization.
- Revibe Engineering, Software developer intern** 03/2024 – 05/2024
Surat, India
- Optimized load times by **5%** with Next.js **Image Optimization**. Deployed components using **Shadcn UI** and **Firebase**.
 - Built **utility products** for the team, streamlining the process of receiving, resolving, and updating issues reported by clients.
 - Contributed to **Schema design** for a application, used **Prisma** for Schema.

PROJECTS

- Intelli-Text, NextJs, React, TailwindCss, Typescript, Gemini, Clerk** 
- Implemented a content generation app using **Next.js, Tailwind CSS, and TypeScript**, integrating Google's **GEMINI API**.
 - Implemented **AI-driven prompts for generating** blog titles, content, YouTube SEO, and **Social media posts**.
 - Enhanced user experience and boosted visitor traffic to 200+ with **Clerk** for authentication.
- Quick-Sign, Nextjs, Typescript** 
- Developed a **Next.js and TypeScript** web app for signing, pen color changes, and image downloads.
 - Added **PDF customization** to name files and adjust size (high, medium, low).
 - Gained approximately **20 active users**.
- vanshvasishtha.vercel.app** 
- Introduced an engaging portfolio website that attracted over **2k+ visitors**, integrating **Spotify and Discord APIs** for stats display.
- Artisan-Wave, Next.js TypeScript Liveblocks Fabric.js Shadcn Tailwind CSS** 
- Integrated **Liveblocks** for real-time collaborative features and synchronous editing.
 - Utilized **Fabric.js** and **Tailwind CSS** for interactive design and shape customization.
- Dev-Connect, Next.js, Typescript, stream-Chat, Next-Auth** 
- Created a developer hub with real-time chat integration, **achieved** 50 user sign-ups, and **enhanced** security using Next-Auth for authentication.
 - Overcame **Stream-Chat integration** hurdles, enabling real-time collaboration.

SKILLS

Languages & Frameworks: C++, Python, HTML, CSS, JavaScript, TypeScript, Node.js, Express.js, ReactJS, Next.js, Tailwind

Cloud/DBs: MongoDB, PostgreSQL, Firebase, AWS

Tools: Cloudflare workers, Vercel, Github Actions, Prisma, Docker, CI/CD

EDUCATION

B Tech - Computer Science Department, 2020 – 2024
Poornima institute of engineering and technology Jaipur, India

- 8.5 CGPA

ACHIEVEMENTS

- Placed in the **top 15** at GIT HackItSapiens and LNM Hacks 6.0 by **developing** innovative applications.
- Served** 2.5 years on the Student Council, **organizing** various activities.
